VANCOUVER, January 19, 2023 - China Gold International Resources Corp. Ltd. (TSX: CGG; HKEx: 2099) (“**China Gold International Resources**” or the “**Company**”) is pleased to provide preliminary full year production results for 2022 and announce annual production guidance for 2023.

### **2022 Preliminary Production Results:**

- The consolidated gold production is approximately 238,880 ounces (approximately 7.43 tonnes), slightly lower than the 2022 production guidance range of 241,130 ounces (approximately 7.5 tonnes).
- The copper production is approximately 187 million pounds (approximately 85,000 tonnes) which was in line with the 2022 production guidance range.

The production results above are preliminary. The actual annual production data will be released in the 2022 annual financial statements of the Company.

### **2023 Production Guidance:**

- The anticipated consolidated gold production will be between 241,130 ounces (7.5 tonnes) and 244,346 ounces (7.6 tonnes).
- Total copper production is estimated to be between 189 million pounds (86,000 tonnes) and 191 million pounds (87,000 tonnes).

The Company’s Chairman and CEO, Mr. Junhu Tong, said, “In spite of the negative impact of COVID-19 on supply chain, our teams remained resilient in executing our plans and substantially achieved 2022 production guidance under challenging circumstances. Going forward, the Company will continue to focus on profitability and reliability, while unlocking the potential of our existing assets. The Company will endeavor to optimize its operations and achieve production growth in 2023”.

### **Final Year-End 2022 Results:**

The Company expects to report its 2022 annual financial statements by the end of March 2023. In connection with the release, management will hold its annual roadshow event to discuss the Company’s year-end results and performance.
