

CSH Mine successfully completes test production on its new additional 30,000 tpd heap leaching and processing system and commences commercial production.

VANCOUVER, November 5, 2014 - China Gold International Resources Corp. Ltd. (TSX: CGG; HKEx: 2099) (the "Company" or "China Gold International Resources") is pleased to report that test production runs at the Company's new additional 30,000 tpd heap leaching and processing system at Chang Shan Hao Gold Mine (the "CSH Mine" or "CSH") have been successfully completed and the results are in line with expectations. The Company commenced commercial production on the facilities in October 2014.

In 2014, the Company has gradually increased its mining rate from 30,000 tpd to 60,000 tpd to meet the newly expanded crushing capacity. The Company conducted extensive test runs on the new heap leaching and processing system. Successful production of approximately 6,241 ounces and 13,185 ounces of gold was achieved in August and September respectively on the new facilities. October output is expected to be higher.

The CSH Mine's gold production is expected to nearly double from its 2013 level of 131,418 ounces per annum to about 260,000 ounces per annum by 2016. As previously announced, the Company is expected to produce about 165,000 ounces of gold in 2014.

Mr. Bing Liu, the CEO and Executive Director of the Company, commented, "We are very content with rapid execution of our expansion plans and with successful testing results on the new facilities at CSH. CSH mine has made a tremendous progress to put the new facilities into commercial production. I would like to assure our board and shareholders that the Company is making significant efforts to fulfill our previously released production guidance."

Third Quarter 2014 Results

The Company expects to announce its third quarter 2014 operational and financial results on November 14, 2014.

Analysts, investors, media and general public are encouraged to visit the Company's website, sedar.com or hkexnews.hk or contact the Company with any questions.
